2021 - 2022 Annual Report

DIRECTOR'S LETTER

SEE, I AM DOING A NEW THING! NOW IT SPRINGS UP; DO YOU NOT PERCEIVE IT? I AM MAKING A WAY IN THE WILDERNESS AND STREAMS IN THE WASTELAND.
- ISAIAH 43:19

Bafenyi's heart has always been to help people win regardless of their circumstances. We are blessed to have amazing donors and staff that carry that conviction and are willing to do whatever they can, to help reach that objective.

By working together, we were able to bring hope to the hopeless and bless those in need through various resources and time. We truly believe that it takes a team to make the dream work, so thank you for being a part of our dream team!

Embracing Seasons

The year 2021 came with a few changes at Bafenyi, as we began to embrace the new season.

We believe God is doing a new thing in our Organization and the communities we are reaching.

Embracing the new, also meant reflecting on the last few years of God's goodness and favor. Much has changed and yet God has remained faithful.

We see the fruit of the seeds that were sown throughout the years in the progress and lives changed of those that were reached.

We are looking forward to what the Lord is about to do in the new year. We are truly grateful for your partnership and support.

**Blessings
Dineo Masigo**

Community Groups

ADULT GROUPS

We have seen incredible spiritual growth in our community groups.

We believe that in order for someone to win in life, they need to be intentional about their holistic growth. In addition to the feeding scheme, we are passionate about discipling and equipping the community.

We had an average of 300 adults attending the discipleship program each week.

We are thankful to all our volunteers for availing themselves and intentionally loving on the people. A hug, smile and touch really goes a long way in expressing love.

"Children are not things to be moulded, but people to be unfolded." - Jess Lair

Children have a way of igniting joy and hope through their carefree and playful demeanor. Not all children are born into safe and happy homes, and the world we live in poses a threat towards their innocence.

At Bafenyi we strive to impact these children by loving them well and creating a safe space for them to grow into who God has called/created them to be.

600+ children attend our kids programs each week. 1400 kids received toys and care packages during our annual Christmas project, and 800 received beanies, scarfs and socks for winter.

WHAT DOES IT ENTAIL?

DINALEDI PROGRAM

INVESTING IN OUR FUTURE LEADERS

We want to honor our ECD Practitioners who are passionate and dedicated in creating efficient, sustainable and effective care and education for the children.

Bafenyi and various donors were able to come together to help these centres by investing in quality education and care. Throughout the year we donated educational toys to over 30 schools.

5 ECD's were painted and upgraded, thanks to Duet and the Fire and Fragrance team.

One of the things we had to adjust due to Covid, was the cancelation of our weekly workshops.. We held an ECD conference and invited incredible credible speakers to share their knowledge and wisdom with the ECD practitioners.

We would like to thank Carissa, the staff and the NWU for making this event a success.

ALL THINGS WORK TOGETHER

Peter's* case, like many others, have a special place in our hearts. We had an opportunity to witness God bring restoration and hope in his life.

Amogelang's mother unfortunately abandoned him with his stepfather in a home that was not safe and stable for a child to live in. The young boy was taken out of school to take care of his younger siblings and often went days without a meal.

We thank God that we were able to reconcile him with his real father, and he is now attending school. His teacher says he is an excellent student who loves school and does well in class.

These two boys used to be menaces in the community. They had dropped out of school and were well known for bullying other children and tormenting their parents while using drugs.

When we heard this, we decided that we wanted to help. Our staff sat the boys down and started to look for a school that would take them.

Now we are glad to share a different report on them; they are back in school and their parents say that they have become boys who listen and stopped their rebellion.

By the grace of God and donors, we are able to help families with monthly groceries and school transportation fares for the children. We were able to help 13 adult and children this year.

COMMUNITY CENTRE

The multifunctional community centre in partnership with the Jesus Loves You Ministry in Promosa is 95% completed, and we are very excited.

The building will be used to host our own programs and those of our partners, local and international volunteers and missionaries who want to reach out to the community. We are currently sharing the premises with Jesus Loves You, they have the same heart for the local community; and want to spread the Gospel as well as to make a lasting impact in the lives of people.

This centre will be used by Bafenyi Trust for trainings, community outreaches, adult and children programmes and feeding schemes. We will be operating from the building to serve around a 1000 people per week.
